I wondered lonely as a cloud
That floats on high o'er vales and hills,
When all at once I saw a crowd,
A host, of golden daffodils;
Beside the lake, beneath the trees
Fluttering and dancing in the breeze.

Spring Blooming Bulbs *American Grown*

In this our first list, we present our line of Ohio-grown Tulips and Narcissi.

Ten years ago we started out to prove that the so-called Holland bulbs could be produced in Ohio. During that time we have learned and unlearned many things about them and now believe that the bulbs listed herein are equal, if not superior to any.

Our list is not long or complicated, but contains varieties that are really distinct from one another, and which we know will perform satisfactorily in our rather trying climate.
